Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 29 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining changeable but very mild over the coming days.

This Evening and Tonight:
This evening will start dry with some clear spells in the east, but further west will see some outbreaks of rain. Overnight will be rather cloudy but mild for many with some drizzle and fog developing over the hills. Minimum temperature 11 deg C (52 deg F).

Thursday:
Thursday will be a rather cloudy and damp day with the most persistent rain across the moors. Remaining breezy but also mild. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Largely dry and very mild on New Year's Eve. New Year's Day will then see some sunshine but also blustery showers, with some further rain on Sunday, though remaining mild.
